

Sample Shipping Procedure

Shipping Procedures

Monday through Thursday

- Place samples and ice pack in insulated envelope or bag prior to packing in box.
- Samples should be wrapped tightly and sealed to avoid samples being loose in the box and to ensure samples remain cool during shipping.

Friday

- Pack with extra ice packs to maintain samples over the weekend.

REGULAR SHIPPING METHOD

UPS, FedEx, DHL. US Postal

Use overnight or two-day services only.

If shipping two-day, only ship Mon–Wed.
